9/25/2017 3:17:03 PM GoundClear Concentrate

UPC: 71549-04308

EPA reg: 239-2657

Hx: Caller says that she was in the home depot store on Sept 9th and she got some of the concentrate on her left hand. Caller says that when she noticed this she flushed her skin with water in the garden center and then she went to the front desk and wiped her hands with Lysol wipes and then followed that up with washing in the bathroom with soap and water. Caller say that since this incident she has had loose stools and she is not feeling well so she had an MD appointment tomorrow.

A:

- Given the hx, I would not expect the product to be the cause of the sxs***
- Skin exposure may result in irritation and redness, which should gradually subside following irrigation.***
- Remove contaminated clothing and rinse exposed skin with water for at least 20 minutes.***
- If skin irritation develops, apply cold compresses or vitamin E/aloe vera containing products. Do not apply any creams or lotions to open sores, blisters, or peeled skin.***
- If symptoms persist or worsen over the next 24 hours, seek medical attention.***
- Please call back with any additional questions or concerns.***
